Athletic Lettering & Authentic Tackle Twill Fabric

Authentic Tackle Twill

Our Authentic Tackle Twill Lettering is the standard polyester twill the pro and college organizations wear on their sports apparel and uniforms. It is the best adhesive coated poly-twill on the market.

- Authentic Tackle Twill is durable and wash-fast.
- Lettering can be easily removed and reapplied before sewing.
- Lettering is easy to apply and sew for great looking garments.
- Pressure Sensitive will not gum up sewing needles.

Application of Heat Seal (HS)

Place letters and/ or numbers on the garment and heat press accordingly. We recommend heat press set at 300-325°F with medium pressure and about 15 seconds. All lettering should be sewn using a zig-zag stitch.

Application of Pressure Sensitive Twill (PSA)

Cut design, letters or numbers. Remove paper backing and apply to garment. Sew lettering to garment using zig-zag stitch. We recommend heat pressing, heat press set at 300-325°F with medium pressure and about 15 seconds.

Packaging and Standard Roll Lengths

Athletic Lettering comes packaged standard in neatly stacked boxes or envelopes. Each packed set is enclosed in plastic bags.

Tackle Twill HS – 50 yard rolls, 25 yard rolls @ 50” & 60” wide rolls.

Tackle Twill PSA – 25 yard rolls @ 50” and 60” wide rolls.

Tackle Twill (no coating) – sold in 50 yard rolls @ 50” & 60” wide.
